

Merry Christmas and a happy New Year!

During spring Charley (who retired last year) did garden work and carpentry at home at Vindögatan.

And by July 1 Ingemo retired, just like her colleague Torsten (who's the one shown in this picture - not Charley).

Ingemo and her brothers (with help from husband and wives) also did some work on their property in Blekinge.

As usual we spent part of the summer hiking about 100 miles through fields and woods in our home county of Skåne.

Ingemo also participated in two 5 km races in Malmö, in one of them accompanied by daughter-in-law Annette.

In April we spent a few days in Paris, and later traveled for a few weeks in the northeastern part of the USA .

On December 1 we all got together to celebrate Charley's 65th birthday.
